The 2130 12 inch Pouch Laminator has been discontinued. See our [Pouch Laminating Machines](#) index for a complete list of our current products.

The 2130 heavy duty pouch laminator is an updated version of the industry standard PL330. It retains the rugged mechanical design of the PL330, with all new electronics for better control of the lamination process.

Features

- Heavy duty pouch laminator
- No carrier required - allows for increased production
- Extra wide throat (13") for laminating any size pouch, from ID badges to 12" x 18" menu size
- Laminates up to 10 mil pouches
- Convenient top mounted temperature control and digital readout
- Separate power and heat switches for convenient warmup
- Four roller construction for easy feeding of documents
- Ready indicator tells you when the laminator is up to temperature
- Reverse switch to prevent rollups and misfeeds from jamming the laminator
- Speed control for better results with thick and thin laminates
- Weight: 20 pounds
- Size: 4"(H) x 19-5/8"(W) x 9"(D)
- One year warranty
