AFT Multi Paper Folder

[]

Prices and specifications are subject to change. Click the link to view the latest information: AFT Multi Paper Folder

The AFT Multi Paper Folder has been discontinued. See our Paper Folders and Folder/Inserters index for a complete list of our current products

This is the only table top folder which can first collate up to three sheets and fold it together. This enables a new dimension for applications ie., Letter can be folded with a brochure or price list.

Features

- This compact, universal and extremely silent folder enables a large variety of folding applications at an excellent price to performance ratio
- A resettable counter displays the number of folded documents.
- A pre-counter enables to preset an exact number of folded documents required for your job.
- After having folded the last document, the AFT multi will stop automatically.
- The special design of the telescopic stacker prevents the documents from bunching and ensures a neat stack of folded documents.
