The Commercial duty, industry standard velobind machine. The System 3 Pro uses "hot knife" VeloBind® strips for tamper proof security and a neat, professional appearance. The GBC System 3 pro binds up to 3 inch thick documents and is a workhorse. This machine replaced and is comparable to the following older models of VeloBind equipment: [Velo Bind 323](#), [VeloBind model 750](#), Velo-bind 750B, [Ibico VeloBind 530VB](#).

This VeloBind machine features a high speed electric, power operated punch and bind system. It uses the patented "hot knife" system to sear the plastic pins, creating a permanent seal.

Features

- Securely binds documents up to 3" thick
- Electric punch and bind
- Punches up to 25 sheets per lift
- Automatic pressure bar
- Automatic debind feature
- Bind documents in as little as eight seconds each
- Dual motor unit allows simultaneous punching and binding
- Automatic punch sensor for production punching
- Convenient foot pedal or pushbutton switch for punching operation
- Soft touch control panel
- Optional bind counter
