The **Ledco Professor 27 inch Roll Laminator** can laminate items up to 27 inches wide. It has the capability of laminating items with thin **1.5 mil laminating film** up to 10mil laminating film. It can mount material up to 3/16" thick. The heated roller design permits simultaneous mounting and laminating using mounting boards with attached over laminate. It's unique self threading feature reduces the anxiety often associated with threading a laminator. It is not only an affordable Roll Laminator but is easy to use and designed to provide years of service with minimal maintenance. It comes with a 2 year factory warranty.

Features

- Laminates up to 27"
- Laminating Speed: 0-10 feet per minute
