See our [Paper Folders index](#) for a complete list of our current machine models.

The FD 340 folder is a fast, dependable and easy-to-use solution for virtually all folding applications. Six popular folds are clearly marked on the fold plates for quick setup. Adjustments can also be made to process unique custom folds. The unique telescoping output stacker and optional Multi-Sheet Feeder give the FD 340 unmatched output ability and added folding versatility.

Features

- Speed: Up to 12,000 pieces/hr
- Telescoping Output Stacker
- Pre-set fold settings
- Pre-Marked for 6 Popular Folds: Letter, Zig-Zag, Single, Gate, Fold out and Double Parallel folds in 11", 14" and 17"
- Telescoping Outfeed Stacker: Holds up to 500 folded documents and keeps them in a neat and sequential order
- 6-Digit Addition and Batch Counter: Accurately counts all documents processed, batch mode allows operators to key in a pre-determined amount to be folded
- Drop in Feed System: A three roller drop in feed system produces dependable feeding of forms with no paper fanning required
- Cross Folding: A guide is included for maximum performance
- Fixed Speed: Up to 12,000 pieces per hour
- Fault Detector: Automatically stops operation if a fault occurs
- Noise Reduction: Fold plates are insulated to reduce noise
- Fine Tune Adjustment: Precisely sets fold stops for crips, accurate folds
