The ultimate large format precision cutting table. Perfect for use with the Praktik, Max, or Javelin cutters. (Shown with Javelin cutter. Cutter must be ordered separately.)

Features

- Cutting base with a narrow groove to accept the blade tip when cutting - no need for expensive self-healing cutting mats
- Full-length silicon rubber strip mounted in the table edge holds all work perfectly in place while cutting
- Includes an accurate full length scale in both inches and metric
- Modular construction can be extended at any time in 12" and 18" increments
- Lightweight yet sturdy aluminum extrusion construction
- Individual level adjustments on each leg for stability on any floor
- Cutter and worktop are not included
- Optional clip-on support arms to increase the effective work area
