The HS-2000 M is a manual business card making machine that works by inserting letter sized paper with cards printed in a 10 up format. The business cards get cut by hand cranking them through. It is ideal for use in low end situations where you run at 10 up. This slitter will produce standard size 2" x 3-1/2" cards and remove the trim.

Features

- Easy to set up and operate
- 8-1/2" x 11" format or A-4 format
- Portable table-top design
- Semi self sharpening blades
- Adjustable guide can change position of cuts
- Durable, built to last
- Reliable friction feed
- Available in 10 or 12 up format, Please specify when ordering.
