The Bind-Fast 5 Nipper Clamp
used to perfect binding, reinforces
and squares the spine for a
professional square bind.
(Optional accessory)

A Heating Jug Plate
pre-warms the stock for easier
penetration of the adhesive
curing time in half for padding
and report binding.

A Three-fan Cooling System
cuts adhesive curing time in half
for padding and report binding.

Up To A Three-Inch
Binding/Padding Capacity
allows for a wide range of
applications.

The Use Of Separator Plates
allow multiple pads or reports to
be bound in one pass. Additional
separators can be added if
required.

A Convenient Adhesive Thickness
Control Handle
allows for quick adjustment for
padding, perfect binding, or
report binding.
