Prices and specifications are subject to change. Click the link to view the latest information: [Industrial 31 Ibico Roll Laminator Patriot 27HS](#)

**The GBC Industrial laminator has been discontinued. See our [Wide Format Laminating Machines index](#) for a complete list of our current Wide Format Laminating Machines**

This GBC Industrial laminator is brand new in its OEM Box packaged as new complete with owners manual and stand with locking casters. The OEM box is cut and re taped up on the sides (see pictures). It retails for \$8695.00. We are selling it for only \$3995.00 We are an authorized GBC / Ibico dealer and will provide the 90 day same as new factory warranty. We purchased it from a print shop that was going out of business that never used it. Commercial Roll Laminator is a high-speed (20 ft per min) laminator. That is 4 times faster than most other commercial print shop laminators. This production laminator was designed specifically for commercial printing and in-house production environments. It features unique crowned rollers and an infrared heat shoe system, which provides exceptional quality lamination, even at high speeds.
