This modular motor and foot pedal combination are all you need in order to upgrade your Renz SRW 360 from a manual 3:1 pitch wire binding machine into an electric wire binding machine. You simply install this motor onto the back of your unit and your machine will be transformed. This give you the ability to begin with a manual binding machine and to upgrade as your volume increases. No other 3:1 pitch wire binding machine gives you this ability. Using this Modular Drive Motor you can quickly and easily turn your Renz SRW 360 into an SRW 360 Comfort. Imagine the possibilities.
