The Versalam-2700 P does it all: single or double sided laminating, with all film up to 10 mil, and mounting too. It's a great solution for all of your laminating needs up to 27" wide.

The heated rollers give great results even when laminating difficult materials. The adjustments for temperature, speed, and pressure allow you to use most laminating films at their optimum settings.

Features

- Single and double sided laminating.
- Laminates up to 27" wide.
- Laminates up to 10mi film.
- Laminates at up to 4.4ft/min.
- Variable speed and temperature controls.
- Temperature memory function .
- Mounts up to 3/16" board.
- Uses both 1" and 3" film rolls.
- On/off switch for bottom roller heat.
- Mounted on its own stand.
- Temperature conversion feature.
- Heavy-duty, all-metal construction.
- UL approved.

Specifications
