The Verslam 1300 is a heavy duty laminator that can laminate both single sided and double sided it can laminate up to 13" wide, up to 10mil thick laminating film and 3/16" thick mounting. It has the option to turn off the heat on the bottom roller for single sided lamination. You can control the speed and temperature and the high quality silicone rollers bind the laminate to the document producing crystal clear lamination.

The VersaLam 1300 has a "De-Curling Bar" to produce flat straight lamination. The De-Curling feature can be disengaged when you use the Versalam 1300 for mounting or 2 sided lamination. The Versalam 1300 comes with a wheeled stand to move the item with ease and placing it at the perfect working height.
