**With six popular pre-programmed folds and a multitude of custom folds**, crisp and accurate folding for a variety of applications is accessed at the touch of a button.

**The DF915 is also available. It has the same specifications except it comes without the silencing covers**

Let Duplo's DF-920 fully automatic tabletop folder take care of all your folding needs. High-speed folding up to 280 sheets per minute has never been easier! With six popular pre-programmed folds and a multitude of custom folds, crisp and accurate folding for a variety of applications is accessed at the touch of a button.

Unique sound absorbers inside the machine dramatically reduce the amount of sound not only when folding but also when fold stoppers are moving. This makes the high-speed DF-920 ideal for all businesses and organizations.

The patented feed system ensures reliable feeding and accurate folds for a wide range of paper sizes, weights, and stocks. No manual adjustments are needed, as the DF-920 automatically recognizes five popular paper sizes: letter, legal, ledger, 1/2-letter, and 1/2-legal. When powering back on, the fast set-up mode allows the DF-920 to automatically recall the last job.

Simply load the automatic elevating feed tray with up to 500 sheets, select the fold type, and hit start. A four-digit counter may be set to ascend or descend. Additionally, the batch mode allows the operator to input the exact number of sheets to be folded in each batch.

The Duplo DF-920 is the fastest, most easy to use tabletop folder for all applications demanding speed and precision folding.

Fully Automatic Tabletop Folder

High-speed folding up to 280 sheets per minute

Sound absorbers ensure quiet operation

Six popular pre-programmed folds: Single Fold, Double Fold, Half Accordion Fold, Letter Fold, Accordion Fold, Brochure Fold

Special "cross folding" for right-angle folds  
Two programmable memory settings for custom folds

PAPER SIZE (WxL): Max. 11.7" x 17" Min. 5.1" x 7.2"

PAPER TYPE: Bond, NCR, some coated and card stock

PAPER WEIGHT: 16 to 80 lb.

FOLD TYPES: Single, double, half accordion, letter, accordion, brochure, right-angle\*, custom folds

PAPER FEED TRAY CAPACITY: Up to 500 sheets (17 lb. paper)

SPEED: Up to 280\*\* sheets per minute

PAPER FEED METHOD: Patented friction feed with skew correction

PAPER FEED TRAY: CONTROL FUNCTION Paper presence detection, automatic ascend/descend

PAPER SIZES FOR AUTOMATIC PAPER SETTINGS: Letter (8.5" x 11"), Legal (8.5" x 14"), Ledger (11" x 17"), 1/2-Letter (5.5" x 8.5"), 1/2-Legal (7" x 8.5")

PAPER FEED ERROR DETECTION FUNCTIONS: Misfeed, paper jam

COUNTER: 4-digit ascending and decending counter

OTHER DETECTION FUNCTIONS: Opening/closing top cover; side cover; paper ejection section cover with/without folding plates 1,2

ENERGY SAVING FUNCTIONS: LCD backlight automatic OFF, power still ON alert

In use 42.76" x 20.63" x 19.57"

In storage 25.91" x 20.63" x 19.57"

\* 14 to 28 lb. paper

\*\* Varies upon paper size and type of fold

Production rates are based on optimal operating conditions and may vary depending on stock and environmental conditions.

## Features

- Folds up to 280 sheets per minute
- Max Paper Size: 11" x 17"
- Min Paper Size: 4 1/4" x 5 1/2"
- Max Paper Weight: 90
- Min Paper Weight: 13

- Auto Fold Settings: 6
- 500 Sheet feed Hopper capacity
- Auto recognize five paper sizes: Letter, Legal, Ledger, 1/2 Letter, and 1/2 Legal
- Fast set-up mode allows the DF-920 to automatically recall the last job
- A four-digit counter may be set to ascend or descend
- Batch mode allows to input the exact number of sheets to be folded in each batch
- Select between a 3, 5, or 10-second delay in between each batch
- Sound absorbers ensure quiet operation
- Feed tray automatically lifts to start position
- Automatic setting for six popular folds with electronic fine adjustments
- Automatic jam detector immediately stops operation
- Two programmable memory settings for custom folds
- Stacker rollers automatically adjust to paper size and fold type
- "Cross folding" for right-angle folds
- Batch Mode capability
- Easy-to-read control panel
- Ascending and descending counter

## Specifications
