**The Coil Pro 2000 EPI has a heavy duty punch motor and built in electric coil inserter.** It punches 25 sheets of paper (20 lbs) at a time and has a binding capacity of up to 7/8".

### Features

- Standard 4:1 pitch: 0.250 hole spacing.
- Five disengageable pins allow for a clean and complete punching with standard paper sizes.
- Punches round (4mm diameter) holes for coil insertion.
- Side margin control provides an evenly centered punch for all document sizes.
- Electric coil inserter is foot pedal operated - Allows the operator to use both hands for complete control of insertion.
- Reverse (Anti-Jam) function for trouble free punching.
- The heavy-duty punch motor can punch lifts up to 25 sheets of paper (20 lbs).
- The punching margin control allows the operator to set the correct punch margin depth for each coil size.
- The open punching throat and continuous punching guide allow the operator to easily align and punch documents longer than the 13" capacity.
- The U-shaped alignment channel aides in conforming the spine of larger diameter documents to the coil's shape, which allows for faster and easier insertion.
- Both punching and inserting are electric for operator comfort and productivity.
- Full punch length is 13" (53 punch dies).
- The binding capacity is up to 7/8".
- Removable waste drawer.
- One year warranty.
