Prices and specifications are subject to change. Click the link to view the latest information: Velobind System 2

The Velobind System 2 is an affordable, versatile electric punch and bind machine. Uses true "hot knife" VeloBind® strips for tamper proof security and a neat, professional appearance. This machine replaced and is similar to the following older models of VeloBind equipment: VeloBind 223 model and the Velobind 520VB.

This VeloBind machine features an electric, power operated punch and bind system. It uses the patented "hot knife" system to sear the plastic pins, producing a permanent seal.

Features

- Securely binds up to 2" thick documents
- Electric punch up to 22 sheets (20# stock)
- Automatic pressure bar
- Punches and binds up to 14" paper
- Jam Stopper mechanism to prevent overloading the punch
- Bind documents in 10 to 12 seconds
- Indicator light to tell you when binding is complete
- Storage tray to hold extra strips
- VeloBind hardcovers are available to further enhance your presentation
- Optional bind counter
