Tired of punching by hand? Need to bind a lot of documents in a hurry? **The Akiles CombMac 24E Comb Binding Machine** has a heavy-duty electric punch to make your binding jobs easier and quicker. You can punch 25 sheets of paper up to 14 inches wide in a single step, so legal-size presentations are a snap. All punch pins can be disengaged to easily fit any smaller paper size, so you can punch smaller size pages just as easily.

The punch is foot pedal operated to free both of your hands for feeding paper. The CombMac 24E has fully adjustable stops for both margin (depth) and side alignment of the punch. This means you can punch the correct holes for any size comb, from 3/16 to 2 inch.

The binding handle can be mounted on either the left or the right side to accommodate left or right handed operators. The entire machine has been designed for ease of use in a demanding environment, making it perfect for commercial volume shops.

Features

- Punch paper up to 14 inches long
- Open ended punch throat to allow punching longer sizes
- All 24 dies can be disengaged for punching shorter lengths
- Top—mounted comb opener
- Punches up to 25 sheets of 20 lbs paper at a time
- Binds with 3/16" to 2" combs
- Comb opener handle can be set on left or right side
- Depth margin control allows the correct margin spacing for each comb size
- Diameter scale measures comb diameter.
- Large capacity waste drawer
- Side margin is adjustable to evenly centered punch for all paper sizes

- Jam release (Reverse) switch in case you over—punch
- All components certified and approved by CE for the most stringent safe requirements.
- Foot pedal punch operation
- Heavy-Duty design and construction for extended service life
- Perfect for a bindery, print shop, copy center, corporation, advertising agency, school, office and more
- 1 Year Warranty
