The CC-10 is perfect for all types of free form design cutting, its pivoting head ensures optimum cutting pressure. It can be used to cut and trim film, paper, cloth, felt and much more. The retractable safety cover reduces injuries. You can choose from 11 different replaceable cutting blades. (Additional blades are sold separately.)

Features

- Five adjustable cutting positions for right or left-handed use
- Retractable safety cover
- Great for using with a straight edge to make long, straight cuts in wide format prints, fabric bolts and more!
- Trims cotton, burlap, canvas, felt, plastic sheets, photographs, paper, card stock, acetate and much, much more
- Includes a straight blade, there are 10 other blade designs that are available separately
- Quick-change blade axle with automatic blade tensioner makes it easy to change or replace cutting blades
- Thumb-activated retractable safety cover helps prevent injury during trimming
- Sleek, ergonomically-designed handle can be used with either right or left hand
- Rotating head offers 5 locking preset positions to provide optimum pressure on the materials you are trimming
- Smooth rolling trimmer for all kinds of free-form cuts.
- Limited lifetime warranty (blades excluded)
