The FC114 combines all the best features of the [EZcreaser](#) and [Number Pro Touch](#) into a single machine. It's ideal for medium to high volume shops who need to be able to process a wide variety of stock and who require automatic feeding.

This friction fed 18" wide unit is designed to do numbering, high-quality creasing, perforating, scoring, and optional micro-perfing, either individually or in combination. The user friendly interface makes setup simple and easy to understand.

There is also an [air fed version of this machine](#).

## Features

- Includes one crease bar with 2 different size grooves for thick and thin stocks.
- Includes one pneumatic numbering head with 7 digits and 3 drop zeros and 4 repeats. Additional heads available.
- Includes one complete perforating assembly.
- Automatic setups with the touch of a button.
- Accurate Rotary Actuated Impact Creasing
- Linear Perf/Score capabilities, including micro and laser perf.
- Micro-Lateral adjustable Feed Rails
- Batch and Total Counters
- Automated Distance Recognition
- Ability to add Inline Folder
- Ability to add Inline transport to the Countcoat UV Coater
- Comes with both standard and wide crease dies.
- Simple programming allows you to number, perforate, or crease individually.

- Gothic (7) wheel reverse numbering heads offer many repeat sequences: 0,1,2,3,6 and 3 drop zeros.
- Sheet Counter
- Automatic top-of-Pile non marking Friction Feed
- Each numbering head can be programmed individually for multiple numbering.
- Numbers virtually anywhere on a sheet, from lead edge and numbers within .01" of previous number.
- Number single sheets or crash number up to a 10 part carbonless form.
- Patented self inking disposable ink cartridges. No re-inking required.
- Approximately 25,000 impressions per ink cartridge.
- Ink available in red or black.
