Prices and specifications are subject to change. Click the link to view the latest information: Snap-In UPC Data Rail

These **Snap-In UPC data rails** snap into standard store shelving without the use of tape. This rail creates a channel for inserting UPC price strips. A tall front face protects the inserted strip and a UPC code can be scanned through clear face.

**Features**

- UPC data rails are 1-1/2" high x 47-1/2" long.
- Snaps into standard 1-1/4" tall shelf channel.
- Made of clear PVC with a UV modifier.
- Top opening for easy insert of 1-1/4" price tickets.
- Use on shelf edges to hold changeable tickets.
- UV modified material resists yellowing; good for long-term usage.
- No tape or adhesive required. Data rail can be removed and reused.
- Bar code scanners can read through the clear face.
- Sold in packages of 10.
